QUESTION 2: Non-Binding Public Advisory Question

WHEREAS, Holtec, owner of the Pilgrim Nuclear Power Station in Plymouth, is discharging untreated radioactively and chemically contaminated industrial wastewater into the atmosphere; and.

WHEREAS, these airborne pollutants are being carried by prevailing winds over and into Cape Cod Bay and our communities; and,

WHEREAS, just as liquid discharge into Cape Cod Bay is in violation the Massachusetts Ocean Sanctuaries Act and other State Laws, this gaseous discharge also violates the Ocean Sanctuaries Act and other state laws Holtec agreed to follow; and,

WHEREAS, these airborne pollutants threaten public and environmental health and safety-including the safety of Holtec's own workers-and our marine-based economy;

Therefore, shall the people of the Town of Falmouth direct the town government to communicate with Governor Maura Healey, Attorney General Andrea Campbell, the State Legislature, and all other relevant authorities to employ all means available to ensure that the law is enforced and to ensure further that Holtec immediately cease the gaseous discharge of the radioactively and chemically contaminated industrial wastewater at Pilgrim?
