

Important Message from the U.S. Census Bureau

May 28, 2020

Recently the U.S. Census Bureau has resumed field operations in your area. Of note, census workers are dropping off paper forms included in their invitation package on the doorsteps of residents who receive mail through a P.O. Box. We have been assured that census workers are taking all precautions to make this non-contact delivery as smooth and safe as possible.

The U.S. Census counts every person in the country every 10 years. The information gathered through the census is used to decide how much our communities get in state and federal money for public health, transportation, and education.

The census is quick, easy, and important, and all of your answers are confidential. You can respond to the U.S. Census by going online to my2020census.gov, by phone at 844-330-2020, or by mailing back the paper form delivered to you.

Please respond and be counted today.
