

PRESS RELEASE

Subject: Falmouth Town Hall/Human Services Temporary Closure

Date: August 12, 2020 8:15PM

Although no positive COVID-19 test has been confirmed, there is the possibility that an individual who may have the coronavirus was in Town Hall and the Human Services Office recently. Even though a positive test result has not been confirmed, as a precaution overnight tonight we are proceeding with a deep cleaning/sanitizing of all areas of Town Hall and Human Services, including individual offices. In a further abundance of caution, both Town Hall and the Human Services Office will be closed tomorrow, Thursday August 13. No other Town Offices are involved. Safeguarding employee health and safety is paramount.

Falmouth Health Agent Scott McGann and I are carefully monitoring this situation.

Julian M. Suso
Falmouth, MA Town Manager
